MESSAGE FROM CHAIRMAN

Dr. B Venkatraman

*Director - Indira Gandhi Centre for
Atomic Research, Kalpakkam
& President - ASNT India Section*

First and foremost, I extend my warm wishes to everyone for a happy and energetic New Year as we embark on new and exciting goals. I would like to provide a brief overview of our association's past achievements and upcoming activities.

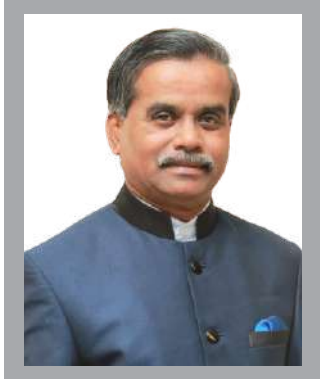

Our society takes pride in having successfully organized 80 technical events, addressing various topics in the field of NDT. These events were conducted both virtually and in person, attracting 500 to 800 unique members online. Notably, the section has been consistently recognized with ASNT's President Award since its inception, achieving the highest Platinum award last year. In 2023, ASNT established a new training and certification facility in Chennai to better serve members in Asia. Our major annual conference, ICENDE-2023, spanned three days as a physical event, drawing 500 professionals in diverse categories such as delegates, invited speakers, presenters, exhibitors, and visitors.

With immense pleasure, I invite you all to participate in the 4th International Conference & Exhibition on Nondestructive Evaluation - ICENDE 2024, under the patronage of the American Society for Non-destructive Testing India Section jointly with ASNT India. The conference is scheduled for August 22-24, 2024, at Ramoji Film City, Hyderabad.

ICENDE 2024 offers a prime opportunity for regional and international operators, owners, along with technology, product, and service providers to come together, foster connections, and engage in discussions focused on developing innovative ideas and practical solutions. These conversations aim to address the increasing needs of the oil, gas, and petrochemical industries, aerospace, and defence. The cutting-edge technologies in Nondestructive Testing, Automation and Sustainability will be unveiled and discussed, paving the way for efficient operations, enhanced safety and reduced environmental impact. Join us as we collaboratively tackle industry challenges.

I extend my heartfelt wishes for the conference's grand success and eagerly anticipate welcoming all of you at ICENDE 2024.

STEERING COMMITTEE OF ICENDE 2024

Dr. U Kamachi Mudali

**Chairman - Steering Committee
Vice Chancellor,
Homi Bhabha National Institute**

It is with great pleasure and anticipation that I address you as Chairman of the Steering Committee. Your involvement in ICENDE 2024 is invaluable, and I am honored to have each of you on board for this journey. Together, let us seize this opportunity to exchange knowledge, foster collaboration, and drive innovation in our field. Your enthusiasm and dedication will be the driving force behind the success of this conference. I look forward to our collective efforts shaping a memorable and impactful event.

Mr. T. S. Kathayat

**President & Global Operations Head,
Welspun Group
Pipe Business**

Mr. Manohar Krishna Asthana

**Executive Director
(QA&I)
NTPC Limited**

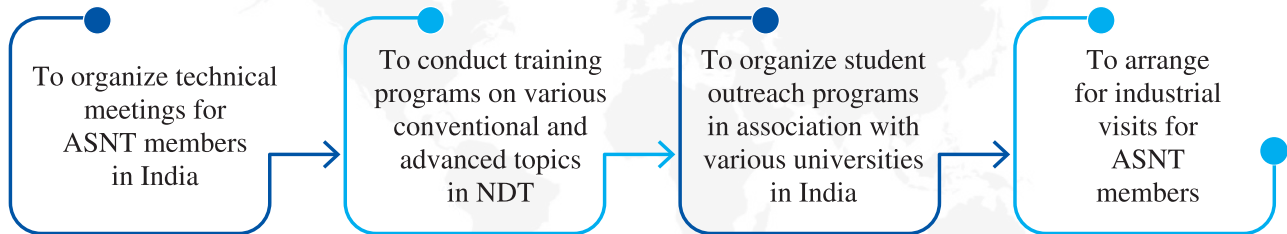

Mr. Ishpal Ahuja Senior

**Senior National Manager,
Industrial Division
Evident Scientific**

ABOUT ASNT INDIA SECTION

American Society for Non-destructive Testing India Section's mission is to promote the common business interest of the nondestructive testing industry and advance the scientific, engineering, and technical knowledge in the field of NDE through education, research, and the compilation and dissemination of information useful to individual and beneficial on general public, in accordance with the societies objectives.

ABOUT ASNT INDIA

ASNT has established its new subsidiary ASNT India in 2023 to conduct business operations in India and to serve interests in Asia and the Middle East. Located in Chennai in Tamil Nadu, the establishment of ASNT India will enable ASNT to expand and improve its certification portfolio and increase its global nondestructive testing (NDT) research and scholarship activities. ASNT India offers local support, training, and certification for nondestructive testing (NDT) professionals, securing the safety and reliability of structures and systems that impact our daily lives. Whether you're looking to advance your career through certification, attend in-person training courses, or become an active ASNT member, ASNT India provides the resources you need.

ABOUT ICENDE 2024

The International Conference and Exhibition on Nondestructive Evaluation (ICENDE) stand as a pivotal annual event for the American Society for Non-Destructive Testing India Section. Collaborating with ASNT India, we take pride in hosting this significant gathering in Hyderabad, uniting professionals from diverse disciplines within our community. Over the course of three days, the conference will feature presentations and technical sessions by renowned specialists, complemented by real case studies and practical applications spanning various industry sectors such as oil and gas, power, energy, mining, aerospace, and transportation. This event provides a unique platform for in-person interaction, facilitating the exchange of information,

knowledge sharing, discussion of best practices, trends, and addressing industry issues. Attendees, whether from industry, research, service providers, training institutes, or suppliers, will find immense value in this conference. It serves as an exceptional opportunity to meet peers from different walks of life in the field, engage in fruitful interactions, foster growth, and establish collaborations.

An integral part of the conference is the exhibition, showcasing the latest products, services, and technologies in the market. This dynamic marketplace offers attendees the chance to learn, conduct research, and establish valuable connections that can significantly benefit their organizations and operations.

VENUE

Ramoji Film City located in the city of Hyderabad and is 38 km drive from the Hyderabad International Airport.

Ramoji Film City is a filmmakers' paradise and dream destination for holiday makers. Spread over the magnificent 2000 acres, the one-of-its-kind film-induced thematic tourism destination is distinguished for its pioneering initiative. Recognised as World's largest film city by the Guinness World Records, around 200 film units come here every year to realise their celluloid dreams. Over 2500 films in almost all Indian languages have already been shot here.

Ramoji Film City is home to the world of make believe, glamorous filmy sets, fun rides, games, daily live shows, high-action stunts, thematic food courts, shopping boutiques and signature hospitality in its hotels dotting the dreamscape.

A cluster of tourism attractions with cine-magic extends a rich tourist's experience. Studio tour, eco tour, adventure activities at Sahas - Asia's finest adventure land and therapeutic wellness programs at Sukhibhava Wellness play a great host to holiday makers, grand weddings, honeymoons, corporate events, family vacations, excursions and educational tours, theme parties, adventure and seekers of good health and rejuvenation.
